

LED EXPO JANUARY 12th!!!

January Section Meeting
LED Expo
NOTE VENUE CHANGE!!!

We are preparing for our biggest expo yet!

So big, we are moving to the PPA Event Center by Mile High Stadium! Join us as more than two dozen manufacturers are represented in our tradeshow-style format.

We

start the evening with a presentation on LED technology by Jim Anderson, Director of Strategic Marketing for Philips Solid State Lighting Solutions. Jim will cover the potential of SSL, current and emerging applications, initiatives encouraging SSL, technical considerations when choosing an LED system, and a standards update on the technology! With over 20 years of experience in the lighting industry, both at Philips Lighting and LED start-up companies, Jim Anderson is currently the Director of Strategic Marketing for Philips Solid State Lighting Solutions (formerly Color Kinetics) in Burlington, MA. Over his career, Jim has held various positions in technology management, operations management and Marketing, and changed his focus to LED lighting 5 years ago.
